Uber Luxury

The luxury gated community development Rustomjee Elements, saw a collaboration of designer and developer to great effect with Jimmy Mistry bringing his unique design flair to the project

Jimmy Mistry, CMD of the acclaimed Della Group, and practitioner of 'Design Thinking' has been creating unique interiors for almost two decades. For the Rustomjee Elements project, he has delivered an elegant opulence, styled with his own designs as well as the best from the other leading thinkers of the design industry.

The uber luxury project is designed for individuals looking for a customized and exclusive lifestyle.

The entire apartment is remarkable for the technological elements installed

Interior Decor

“My products must surprise as much as they delight, not just in the way they look, not just in the way they function, but how well they elevate the way my customers live their life”

**Jimmy Mistry,
CMD, Della
Group**

Interior Decor

Rustomjee Elements is spread over 3 acres of Juhu in Mumbai. The apartments provide for an elevated, exclusive lifestyle with amenities that include a landscaped podium garden, sky lounge, business centre, infinity pool, preview theatre, spa, concierge, fully equipped gymnasium, multi-purpose court and a library.

Rustomjee's portfolio includes a 14.32 million sqft feet of completed projects; 12 million sqft of ongoing development, and another 28 million sqft of planned development in the pipeline, spanning the best locations of Mumbai Metropolitan Region (MMR). Their portfolio currently includes two very large townships, residential spaces, office complexes, retail developments, spaces for healthcare and education. **MGSA**

Jimmy understood instinctively how to provide bespoke luxury to the discerning and demanding clientele of Rustomjee Elements, which is intended to be a distinct living space not just for its design, construction, aesthetics, and styling, but also for the cutting-edge technical sophistication of all its amenities.

**Boman R. Irani,
CMD,
Rustomjee Group**

All the products featured have been manufactured by Della at Della facilities, using the finest materials and the most exacting manufacturing processes
